

# Malaysia-Japan Joint International Conference (MJIC 2018)

17th -18th October 2018, Sepang, Malaysia

## Call for Papers

Malaysia-Japan Joint International Conference (MJIC 2018) in conjunction with  
3rd International Conference on Advanced Technology & Applied Sciences (ICaTAS 2018)

### Call for Contributed Papers:

MJIC 2018 is the fifth academic event jointly arranged by Malaysia-Japan International Institute of Technology (MJIT) and Japan University Consortium (JUC). It provides a platform for academics, researchers and postgraduate students from MJIT, JUC members and ASEAN countries to exchange research ideas. In conjunction with this event, MJIT also collaborates with Arab Academy for Science, Technology & Maritime Transport (AASTMT) to organize the third conference on Advanced Technology and Applied Sciences (ICaTAS 2018).

With participation of a large number of young researchers, it can be a platform for new collaborative ventures and strategic alliances to gain better insights into engineering research and technology innovation to harness the strength and synergies to bring further prosperity to the nations. As the future becomes more competitive and challenging, it is important to remain relevant and maintain the performance for continuous improvement in research & education. As such, this conference will be most significant as we explore and share ideas to further enhance our research.

**Scopes:** MJIC 2018 will be divided into several sections related but not limited to the following scientific tracks

(Topics of interest include, but are not limited to):

- Electronic Systems Engineering
- Mechanical and Precision Engineering
- Environmental and Green Technology
- Management of Technology
- Robotics and Design Engineering

All topics are open to academic, research and industry contribution, including policy development, technical report and research in progress. Selected high quality papers will be published in Scopus indexed journal.
