

## CALL FOR PAPERS

# INTERNATIONAL CONFERENCE ON ADVANCED TECHNOLOGY AND APPLIED SCIENCES (ICATAS 2020)

in Conjunction with  
Malaysia-Japan Joint  
International Conference (MJJIC 2020)

7-9th October 2020  
Kuala Lumpur, Malaysia

### CALL FOR CONTRIBUTED PAPER:

ICaTAS 2020 is the fifth academic event jointly arranged by Malaysia-Japan International Institute of Technology (MJIIT) and Arab Academy for Science, Technology & Maritime Transport (AASTMT). It provides a platform for academics, researchers and postgraduate students to exchange research ideas. In conjunction with this event, MJIIT also collaborates with Japan University Consortium (JUC) to organize the sixth Malaysia-Japan Joint International Conference (MJJIC 2020).

With participation of a large number of young researchers, it can be a platform for new collaborative ventures and strategic alliances to gain better insights into engineering research and technology innovation to harness the strength and synergies to bring further prosperity to the nations. As the future becomes more competitive and challenging, it is important to remain relevant and maintain the performance for continuous improvement in research & education. As such, this conference will be most significant as we explore and share ideas to further enhance our research.

### SCOPES :

ICaTAS 2020 will be divided into several sections related but not limited to the following scientific tracks :

#### Track 1, Industrial Revolution 4.0

- Artificial Intelligence,
- Internet of Things
- Smart Manufacturing
- Computer & Information Technology
- Precision Engineering
- Electrical and Electronic Engineering
- Biomedical Engineering
- Mechanical Engineering
- Fluid and Solid mechanics
- Management of Technology

#### Track 2, Sustainable Technology, Energy and Environment

- Smart Energy System
- Environmental Engineering
- Waste Management
- Waste Water Engineering
- Life Cycle Analysis
- Energy Conversion
- Reaction Engineering
- Power Engineering
- Disaster Management and Prevention
- Biomass Technology
- Sustainable Development Goals
- Material Sciences
- Renewable Energy
- Energy Storage
- Solid Waste Management

All topics are open to academic, research and industry contribution, including policy development, technical report and research in progress. Accepted high quality papers will be published in the Scopus index proceeding which is "IOP Conference Series: Materials Science and Engineering".

### IMPORTANT ANNOUNCEMENT:

Due to the COVID-19 pandemic situation all around the globe, we have change our presentation method to VIRTUAL PRESENTATION for all International and local participants. The safety and well-being of ICaTAS 2020 participants is our priority. This is to ensure the safety and health of ICaTAS 2020 delegates while to minimize the impact of COVID-19.
