

**CALL
FOR
PAPER**

**25-26TH
OCTOBER
2022**

**CONCORDE HOTEL,
KUALA LUMPUR, MALAYSIA**

Malaysia-Japan Joint International Conference (MJJIC 2022)

"Towards a Greener, Cleaner and More Resilient World for All"

In Conjunction With International Conference
On Advanced Technology and Applied Sciences [ICaTAS 2022]

IMPORTANT DEADLINES :

Call for paper:	25th April 2022
Submission of Full paper:	15th August 2022 - 31 August 2022
Notification of acceptance:	September 15, 2022
Early bird conference fees:	15th July 2022 - 5th August 2022
Camera ready:	15 September 2022
Deadline for Payments:	1st September 2022
Conference date:	1st October 2022
	25th -26th October 2022

FEES :

	Early-bird(MYR)	Normal(MYR)
Local - Normal	1500 (USD 345)	1800 (USD 415)
Local - Student	1200 (USD 275)	1500 (USD 345)
International - Normal	1800 (USD 415)	2000 (USD 460)
International - Student	1300 (USD 300)	1600 (USD 365)
Attendee (Non-presenter)	200 (USD 50)/day	

Malaysia-Japan Joint International Conference 2022 (MJJIC 2022) is the seventh academic event jointly arranged by Malaysia-Japan International Institute of Technology (MJIT), Universiti Teknologi Malaysia (UTM) and Japan University Consortium (JUC). The conference will be held in-conjunction with the seventh International Conference on Advanced Technology and Applied Sciences (ICaTAS 2022), Malaysia. The conference will highlight recent and significant advances in research and development in advanced technology, applied sciences, and interdisciplinary works. Encouraging young researcher from multi-discipline engineering background to share their new and innovative ideas and/or findings will be the aim of the conference. With participation of a large number of young researchers, it can be a platform for new collaborative ventures and strategic alliances to gain better insights into engineering research and technology innovation to harness the strength and synergies to bring further prosperity to the nations. As the future becomes more competitive and challenging, it is important to remain relevant and maintain the performance for continuous improvement in research & education. As such, this conference will be most significant as we explore and share ideas to further enhance our research.

MJJIC 2022 will be divided into several sections related but not limited to the following scientific tracks :

- **Sustainable Energy and Environment**
 - Smart Energy System
 - Environmental Engineering
 - Waste Management
 - Wastewater Engineering
 - Life Cycle Analysis
 - Biomass Technology
 - Chemical Process Engineering
 - Nanoscience and Nanoengineering
- **Disaster Risk Reduction, Management & Resilience**
 - Integrated Disaster Risk Management
 - Disaster Mitigation & Nature-based Solution
 - Flood Forecasting & Impact of Climate Change
 - Sediment-related disaster & Geohazard assessment
 - Disaster Preparedness & Education
 - Urban Resilience & Smart Cities
 - Community-based Disaster Risk Management
 - Risk-informed Sustainable Development

All accepted and presented papers will be submitted for inclusion in IOP Conference Series: Earth and Environmental Science (Scopus-indexed)
