

## “Malaysia-Japan Career Fair 2023” Program Outline

“Malaysia-Japan International Institute of Technology (MJIT)” will be organizing Malaysia-Japan Career Fair 2023 as follows. This career fair limited to Japanese companies. Japanese companies which interested in recruiting UTM-MJIT graduates, are most welcomed to participate. We also inviting technical college students to join the fair.

### 1. Outline and purpose of the event

Malaysia-Japan International Institute of Technology (MJIT) was established in Kuala Lumpur in 2011 as an academic institution of Universiti Teknologi Malaysia (UTM) based on the agreement of the governments of Japan and Malaysia. With the support of the Japan International Cooperation Agency (JICA), we are promoting joint degree programs and academic exchanges in collaboration with the Japanese University Consortium, which is formed from 31 Japanese universities and institutions. Additionally, in industry-academia collaboration, we are working to promote collaboration with Japanese industry, such as internships and joint / contract research.

“Malaysia-Japan Career Fair 2023” will be held co-organized by the Japanese Chamber of Trade & Industry, Malaysia (JACTIM) and Japan International Cooperation Agency (JICA) Malaysia Office for Japanese companies wishing to hire UTM especially MJIT students and graduates with the aim of promoting human resources exchange in the industrial world between the two countries.
