# PROGRAM SUMMARY

<https://mjiit.utm.my/MJIIX2025>

## INTRODUCTION

Malaysia-Japan Industrial & Innovation Expo 2025 (MJIIIX 2025) is an event organized by the Malaysia-Japan International Institute of Technology (MJIIIT), Universiti Teknologi Malaysia (UTM) which will be held on 14th October 2025. It serves as a strategic platform to strengthen collaborations between academia, industry, government agencies, and international partners. The program showcases research exhibitions, innovation competitions, industry engagements and collaborations, and knowledge-sharing sessions across various disciplines. The theme for MJIIIX 2025 is "Academia-Industry-Agency: Expanding Horizon"

## BACKGROUND

MJIIIT is a unique faculty in Universiti Teknologi Malaysia Kuala Lumpur that brings together diverse fields such as Electronics System Engineering, Mechanical Precision Engineering, Chemical Process Engineering, Software Engineering, and Technology Management under one roof. Its research structure is built around specialized research groups known as Ikohza, each fostering strong industry linkages in their respective areas. For more information about MJIIIT: <https://mjiit.utm.my/>

Following the success of MJIIIX 2024, which combined events like Japan Day and the Career Fair, This year, MJIIIX 2025 will shift its full focus towards wider industry participation at the national level. The program will feature industry exhibitions, the MJL-JACTIM Research Competition 2025, a Coffee Talk session, Premier Lecture Series, dialogue/forums, and laboratory tours. This will allow industry partners to engage directly with MJIIIT's research capabilities and facilities.

## KEY OBJECTIVES OF MJIIX 2025

**Strengthen strategic collaborations between MJIT and multiple stakeholders including industry, government, and academic institutions.**

**Increase MJIT's visibility and outreach to communities, other universities, industries, and relevant agencies at national and international levels.**

**Attract and foster industry collaborations with MJIT's Ikohza research groups.**

**Promote the research excellence of each Ikohza to boost postgraduate enrolment and academic visibility.**

**Encourage healthy competition among Ikohza to drive multidisciplinary and open research initiatives.**

**Provide a professional platform for young professionals to explore diverse research areas across various Ikohza, and foster interdisciplinary collaboration and initiating inter-Ikohza research projects.**

## PROGRAM HIGHLIGHTS

### Premier keynote speech *by Tun Dr. Mahathir*

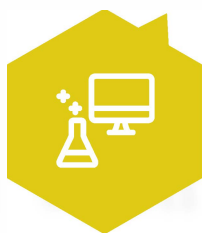

An exclusive keynote session delivered by YABhg Tun Dr. Mahathir Mohamad, offering profound insights drawn from his vast experience in national leadership, policy-making, and the development of science, technology, and international collaboration. His address will set the tone for MJIIIX 2025, inspiring stakeholders across academia, industry, and government. The theme of the keynote speech is "Academia-Industry-Agency: Expanding Horizon"

### MoU exchange ceremony *with industry partners*

A formal session during opening ceremony to commemorate the signing of strategic partnerships between MJIIIT and industry partners. These agreements signify long-term collaboration in areas such as joint research, knowledge transfer, and innovation commercialization.

### Research exhibitions and innovation showcases *by Ikohza*

Each Ikohza research group will present its latest findings, prototypes, and technological advancements. This platform allows for visibility, peer exchange, and potential industry interest in commercializing or developing innovations.

### MJL-JACTIM Research Competition 2025 *open to national participation*

This open-level competition co-organized with the Malaysia-Japan Linkages (MJL) and the Japanese Chamber of Trade and Industry, Malaysia (JACTIM). The competition invites participation from researchers nationwide and serves to highlight cutting-edge research with industrial relevance and societal impact. The registration for the competition is currently open.

### Laboratory tours *at MJIIIT*

Guided tours for industry, and guests to explore MJIIIT's state-of-the-art laboratories and research facilities. These visits promotes MJIIIT's technological capabilities and services, and encourage future collaborations.

### Coffee Talk session *for networking and discussion*

This strategic networking sessions is designed to connect researchers, industry representatives, young professionals, and students. This session creates an open environment for exchanging ideas, exploring collaboration opportunities, and building meaningful professional relationships.

## CONCLUSION

MJIIX 2025 is more than a research showcase. It is a strategic initiative to expand collaborative networks between researchers, industries, and policy enablers. The program aims to foster impactful, sustainable research and strengthen MJIT's role as a hub for advanced technology and innovation aligned with national and international development goals.
